Product : Rev Chainsaw Chain / Bar Lube

Part # : R624

Type : Chain Bar Lube

Engine : N/A

Description : Chainsaw Chain / Bar Lube

Available in :

- Light : For optimal Winter cutting
- Med : For optimal Spring and Fall cutting
- Heavy : For Optimal Summer cutting

Problem Symptom

Properly lubricate the bar and cutting chain on chainsaws

Meets or exceeds all chainsaw manufacturers Chain/Bar Lube recommendations

Performance

- Providing excellent rust protection lubricity for cutting chain and bars
- Higher concentration of parafinic compounds producing a tougher oil

Application

Refer to manufacturers' owners manual for fluid capacities

Do not mix with gasoline in chainsaw

Characteristics

- A special tacky additive minimizes oil throw off
- Effectively dissipates heat from the chain for more constant cutting action

Packaging

3.78 L

4 x 3.78 L cases

50 cases per skid

36 LBS. / Pail
